

TASK-OF series specifications chart

※Air-cooled type only

Model type		TASK-OF55W	TASK-OF75W	TASK-OF90W	TASK-OF110W
Output pressure MPa		0.69/0.98 (1.03) ※1			
Output air amount m ³ /min (50/60Hz) ※1	0.69MPa	8.0/8.4	11.6/11.5	14.2/15.1	18.0/17.3
	0.98MPa	6.3/6.3	9.9/10.1	12.2/11.6	14.0/14.4
Inlet temp °C		Barometric pressure (Atmospheric pressure) ・2 ~ 40			
Output temp °C		Coolant mouth temp + below 15°C			
Electric motor output kW		55	75	90	110
Frequency Hz		50/60			
Power pressure V		200/220 ・ 400/440			
Start method		Star delta			
Drive type		Direct coupled			
Capacity adjustment		Automated unloader + Unload stop method			
Lube amount ℓ		50			
Coolant amount ℓ/min		75	100	120	150
Noise level ※2 db(A)		73	74	90	110
External form size mm	W	2150	2500	2600	2700
	D	1500	1600	1600	1650
	H	1780	1850	1850	1850
Gross weight kg		2000	2300	2500	2800

※1 Please contact us if there is any inquiry about the Output air amount for 1.42Mpa specific type.

※2 The noise level shown is measured one meter ahead in silence(no sound) room.

● specific types could be changed without notification.

● consult with us if other voltage is needed.
